Saturday Art Classes

Program Overview

Saturday Art Classes offer quality art instruction to interested students who have a talent for the creative arts. ODAS is dedicated to programming that enables youth to develop skills and gain valuable knowledge in the visual arts. ODAS staff artists have strong visual arts backgrounds providing quality instruction, with the assistance of college students majoring in visual arts. Students are exposed to a diverse artistic experience, exposing them to a wide variety of techniques and media. Creativity and imagination are cultivated while expanding interest and knowledge of aesthetics and visual arts.

Courses are structured with projects that are considered to be age appropriate. Classes are kept small to ensure the instructor and assistance can provide each student with one on one instruction. Instructors are degreed visual artists dedicated to providing educational arts programming and trained to understand the diverse needs of each unique student. Children will be given materials and tools necessary to challenge their creativity and realize their visions.

Saturday Art Classes run for ongoing 6-week sessions throughout the year. The medium of focus and age requirements will alternate and rotate as the session change. Courses offered are geared towards appropriate grade levels, to ensure the growth of student's skill level and creative thinking.
